

Homework

We would like you to prepare a collage of images and pictures representing your ideal vacation with your children or grandchildren. You can find those pictures or images anywhere you want: on the Internet, magazines, your own photo albums, drawings, etc. You may include as many images you want, but we ask you to bring at least 4. You can cut and paste those images on a large sheet of paper or place them in a binder for example. However, please keep in mind that we will need to be able to keep your collage after the group, so make copies of your pictures if needed. All the images or pictures need to represent your vision of an ideal vacation with your children or grandchildren, including for example...

- The type of destination
- The people you would be traveling with
- The activities you would be doing
- The benefits sought from this vacation
- Etc.

It is very important that you prepare this collage before coming to the discussion. We will collect your homework during the group discussion.
